EXPERIENCE

Being a passionate photographer and editor with international experience since more than 8 years, I started my creative development during my bachelor and master studies in the field of Multimedia Technologies & Design. Since then, I try to be as passionate and creative as possible towards everything I endeavor.

EDUCATION

Life	Bachelor	Freelance	Master	Workshops
> 1986	2011	since 2011	2013	< 2019

I see the whole life as a constant learning process. Everyone you meet along the way will know something you don't. You just have to be willing to learn from each other.

WORLDWIDE EXPERIENCES

2012

RED BULL MEDIAHOUSE

Right after finishing my bachelor and a postpro internship in Munich, I landed my first RB assignment as a freelancer. Ever since then, I keep working with them not only internally, but also at a variety of in-house events.

2015

CARITAS INTERNATIONALIS

In 2015 I got a call from Caritas Internationalis if I want to join them on a photo/video assignment in Lebanon and Egypt. Without hesitation, it didn't took long until I was on my flights to Beirut and Cairo.

2017

OURWORLDEXPERIENCE.COM

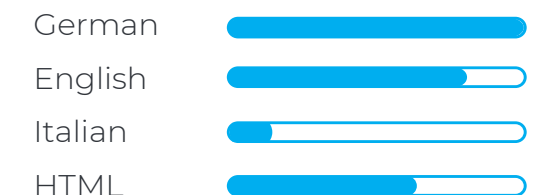

In 2017 I felt like I needed some new perspectives & wanted to give something back. So I quit everything and started to travel around the world trading my work for life's basic needs. No money, only me and the eager to help, learn and share my experiences.

SKILLS

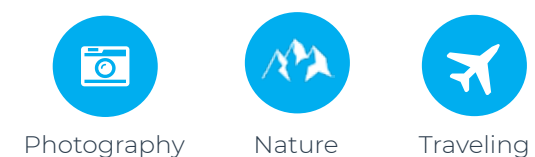

I haven't fought a duel with pirates, nor have I swam the English Channel. But I have traveled to many far away places and learned how to deal with pressure, keep people motivated and never give up even in cruel situations.
